Shooting at Farber, Mo.

A miner by the name of Bailey
shot and killed J. Lawder, a mine
owner at Mexico Monday, the
shooting took place at Farber.

Mr. Lawder had just stepped off a
Chicago and Alton train when
Bailey pulled a gun and shot him.

Bailey was captured and taken to
Mexico. The motive for the deed
is not known. Tuesday a mob
called at the jail and demanded
the prisoner, but the sheriff had
been warned that a mob was be-
ing organized so had removed the
prisoner to a place of safety.

The Mexico Ledger says: Mrs.
Bailey seems to have been the
power behind the gun that killed
J. Lawder. The evidence will
probably show that Mrs. Bailey
tried to borrow a gun to do the
shooting herself. There seems to
be no doubt in reference to the
character of Mrs. Bailey in the
minds of the people who knew her.

Whether Mrs. Bailey was trying to
extort money from Mr. Lawder
with the knowledge of her husband
or whether Mr. Bailey was acquain-
ted with the real character of
his wife are questions which will
be settled in court. It would ap-
pear as though Lawder was killed
because he wanted to break any
friendship that may have existed
between him and Mrs. Bailey.

Just what Mrs. Bailey told her
husband in reference to the affair
is known only to herself and her
husband. The people of Farber
seem to be of one mind—that Law-
der was murdered in cold blood,
that Mrs. Bailey is a woman of
bad character and that her hus-
band knew or should have known
this fact.

Mrs. Bailey was brought to
Montgomery City Wednesday
and lodged in jail.

efforts to better prepare them-
selves in their appointed calling and
as they assemble in convention
frequently to impart the knowledge
gained and discuss the good health
of the people in general, every
physician in the county should be
a member, and Montgomery City
should show the members of this
society that they are interested by
attending the meetings and show-
ing them a royal good time on the
above mentioned date.

DEPUTY WARDEN SEE SHOT.

Four Convicts Attempted to Escape
From the Penitentiary Killing
Two Guards and Wounding
Deputy Warden R. E. See.

Last Friday four convicts at the
penitentiary led by Harry Vaughn
in some way received revolvers
and explosion and made a desper-
ate dash for liberty.

Deputy Warden See, formerly of
this city, was captured at the gate.
The convicts ordered him to throw
up his hands and when he made a
move to draw his gun, one of them
shot him through the wrist. They
then forced him to order the inner
gate opened. John Clay, the of-
ficer who opened it, was shot dead
in his tracks. The convicts then
proceeded to wreck the outside
gate with the explosive and while
thus engaged, officer E. Allison
appeared on the scene and was al-
so shot and died in a short time.
after getting clear of the prison
walls they captured a wagon and
team with which to make their es-
cape but were captured before they
had gotten very far. Although
See was wounded he aided in their
capture. Two of the convicts were
also wounded and one killed.

See has seven bullet holes in his
coat. Over 100 cartridges and a
quantity of explosive was found
on the convicts, and how it was
obtained is a mystery.

LATER.—One of the convicts
weakened and confessed that H.
E. Spencer, an ex-convict, smug-
gled the arms and explosive into
the penitentiary. The officers are
now on the lookout for him. Gov.
Balk has offered a reward of \$500
for Spencer's arrest and delivery
to the Sheriff of Cole county.

Missouri Bankers Association

Meet at Fulton.

The annual meeting of Group
Six of the Missouri Bankers' As-
sociation convened in Pratt's
theatre in this city Wednesday af-
ternoon at 1:00 o'clock. Fifty-five
members of the association were
present. A large audience was
in attendance at the meeting,
which proved highly interesting
throughout the afternoon.

The meeting was called to order
by Samuel Sharp, of Montgomery
City, chairman of Group Six. Dr.
J. J. Rice delivered the address of
welcome which was very heartily
responded to by Chairman Sharp.

During the course of the after-
noon several interesting addresses
were delivered. Hon. David H.
Harris gave an interesting ad-
dress on the subject, "The Bank-
ers' Responsibility," which was very interesting
and comprehensive. He was fol-
lowed by Virgil M. Harris, of St.
Louis, who spoke on the subject
"Negotiable Instrument of Law."

Mr. Harris' talk brought out many
interesting points on negotiable
papers that were new and interest-
ing to the audience.

The Bankers of Group Six Mis-
souri Bankers Association, were
entertained in elegant fashion at
the school for the Deaf Wednes-
day evening. After the meeting
at the opera house the visitors
were driven over the city for a
look at our schools and institu-
tions.

At 8 o'clock they assembled ac-
cording to program at the chapel
of the school for the Deaf, where
Mrs. Saul and Prof. McKee con-
ducted some exercises to show the
methods of teaching. A class from
the primary grade and pupils high-
er up were used in the illustration.

At nine o'clock, the company
adjourned to the parlors where a
reception was held and where the
visitors met some of the Fulton
citizens. In the receiving line
were Prof. and Mrs. McKee, Mr.
and Mrs. C. O. Atkinson, Mr. and
Mrs. J. T. Brown, Mr. and Mrs. J.
S. Henderson.—Fulton Sun.

Explanation by the County Editor

After a good deal of study and
work we have at last figured out
why so many county editors get
rich. Here is the secret of success:
A child is borne in the neighbor-
hood. The attending physician
gets \$10; the editor gives the loud
lunged youngster and the "happy
parents" a send off and gets \$0. It
is christened; the minister gets
\$10, and the editor gets \$00. It
grows up and marries; the editor
publishes another long-winded
flowery article and tells a dozen
lies about the "beautiful and ac-
complished bride;" the minister
gets \$10 and a piece of cake, and
the editor gets \$000. In the course
of time it dies and the doctor gets
from \$25 to \$100 and the minister
perhaps gets another \$15, the un-
dertaker gets from \$50 to \$100, the
editor publishes a notice of the
death and an obituary two columns
long, lodge and society resolutions,
a lot of poetry and a free card of
thanks, and gets \$0000. No won-
der that so many county editors
get rich.—Morehead. (A) (C) (D)
